

## 43101 MEADOW LAKE

The Meadow Lake lift chair combines elegant design with the function of a lift mechanism. This recliner features curved arms and attractive stitching adding a contemporary flair to the mix. With memory foam in the seat and the back, the Meadow Lake is designed to offer superior comfort to any occupant sitting for long periods of time. The power lift mechanism gently guides you to a comfortable standing position, alleviating any pressure on the joints and muscles. For added convenience, there is an outside pocket to keep the remote and your belongings within arms reach. An extended footrest offers additional support when lounging or watching television in a fully reclined position. A two motor layflat mechanism enables the occupant to fully recline to an almost flat position, while the two motors allow for independent operation of the footrest and back recline for perfect individualized comfort. The wand also features a handy "home" button to return the chair to a fully closed position and built in USB charging. Enjoy all the function the Meadow Lake offers combined with clean and modern styling.

### FEATURES

- **Features:** Single top stitching for a clean and tailored finish (on leather and select fabrics), Hidden plastic glides integrated into the base
- **Cover:** All Palliser Fabrics, All Palliser Leathers
